The Institute of International Education's Southeast Asia office (IIE/SEA), on behalf of Educational Testing Service (ETS), the official *TOEFL ITP*® Assessment Series provider, would like to announce that the *TOEFL ITP* (Institutional Testing Program) is now replacing the TOEFL PBT (Paper-Based Test) since TOEFL PBT it is no longer administered in Thailand.

The *TOEFL ITP* assessments share the same rich heritage as the TOEFL test — the world's most widely accepted and respected English-language assessment. This makes the test appropriate for:

- 1) **Admissions** to undergraduate and graduate degree programs in non-English speaking countries where English is not the dominant form of instruction.
- 2) **Admissions** and placement in collaborative international degree programs where English-language training will be a feature of the program.
- 3) **Admissions** to short-term, non-degree programs in English-speaking countries where the sending and receiving institutions agree to use *TOEFL ITP* scores.
- 4) **Exiting** English-language programs by demonstrating proficiency in English listening and reading.
- 5) **Placement** in intensive English-language programs requiring academic English proficiency at a college or graduate level.
- 6) **Progress** monitoring in English-language programs stressing academic English proficiency.
- 7) **Scholarship** programs, as contributing documentation for academic English proficiency.

Decisions made using TOEFL scores have life-impacting consequences for test takers. It is for this reason that ETS places great importance on ensuring its tests are fair, valid and reliable.

Accordingly, the score of *TOEFL ITP* is valid for two years after the test date issued in accordance with ETS Standards for Quality and Fairness.

A mapping of *TOEFL ITP* scores on the Common European Framework of Reference has been conducted and published by ETS. The purpose of this mapping study was to identify the minimum *TOEFL ITP* Level 1 test scores corresponding to four levels of the Common European Framework of Reference for Languages (CEFRL).

The table below present the scaled cut scores for each section:

ETS fully appreciate your interest for the TOEFL Family of Assessments and the *TOEFL ITP* test. Since ETS does not recommend a rigid use of CEFR cut scores, ETS will be available, if needed, to provide guidance on setting up relevant and appropriate cut scores for *TOEFL ITP* based on intended uses.

Announced on November 22th, 2017.
