

Guidelines on Consideration of

Graduate Lecturer's Teaching and Researching Experience

To clarify the graduate lecturer's qualifications as per Academic Regulations of Graduate Studies, Mahidol University, B.E. 2556 (2013) concerning "teaching and researching experience", the Faculty of Graduate Studies, Mahidol University passed a resolution of the 11th of B.E. 2556 meeting of the Graduate Studies Committee on 6 November 2013, which defined the Guidelines on Consideration of Graduate Lecturer's Teaching and Researching Experience as follows:

1. "Teaching experience" means "conducting an academic class or passing an academic training in teaching".
2. "Researching Experience" means "having had a research publication in an academic journal or printed material or having a presentation at an academic conferences" with the following criteria:
 - 2.1 The lecturer's name must be shown as the author.
 - 2.2 In the case of an academic presentation at a conference, the lecturer's name must be shown as the presenter.

In fact, the mentioned academic research includes other types e.g. academic articles, reviewed articles, case reports, textbooks, inventions, which support research or instruction in a graduate program. In addition, the mentioned academic research is not a part of the lecturer's own graduation.
