We are hosting a program called Intercultural Discovery and Exchange in Asia Project (IDEA Project), which is highly acclaimed and recommended by many of our past participants each year. This is an international program that explores the cultural differences between countries and the diversity of student life at different universities. The program will take place from July 19<sup>th</sup> to July 26<sup>th</sup>, 2015 at National Taiwan University.

We would like to invite students from your university, and we hope you can assist us in promoting the IDEA Project on your campus. Attached in this mail are two documents, which include this invitation letter and the poster of our program. We would like to ask for your help in putting up the poster for advertisement until April 30<sup>th</sup>, the deadline for the program application. Thank you very much in advance, and we apologize for any inconvenience we may cause you.

If this invitation is not supposed to be sent here, please direct us to an appropriate office or person who may be in charge of this affair. We sincerely appreciate your support and assistance in making this program possible.

## ABOUT ACTIVITY

### Final Presentation:

As for presentation, which is one of the major activity of the whole camp, we would like to see teams formed by foreign students conclude their discussion about their projects in the previous days and share how they conduct with others. we expect that through the presentation, everyone is able to learn from each other and creates great fellowship and friendship in-between.

### Forum:

We will invite the winners of project competitions to share their experience and the difficulties they have faced when conducting their projects. We hope that delegates could learn from their experience and would come up with a more creative and effective project during these days.

### Fruit Feast:

Taiwan is located in sub-tropical zone, which makes Taiwan a suitable place to plant various kinds of fruits. In "Fruit Feast", we will introduce the variety of fruit in Taiwan and make different Taiwanese delicacies with them.

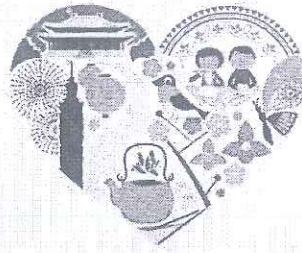

### Ping-Lin Tea Trip:

Ping-Lin County is a suburb of New Taipei City, which is famous for its tea culture. On the third day, we'll visit the tea gardens and the tea factories there, and make deeper acquaintance with the development of tea industry in Ping-Lin.

### Country Tour:

Different from the hustle bustle city life, we would like to take delegates to see the other side of Taiwan--- the countryside. We'll visit two famous tourist spots near Taipei, Julfen and Ilan. Both of them display their own specialty and beauty. Let's enjoy the warm hospitable atmosphere and experience the authentic country lifestyle.

# Taiwan

THE HEART OF ASIA

## Salon:

During salon, we will have a chance to share our opinions about different topics with every delegate. There will be seven topics be prepared, including laboo, food, custom, social movement, education, hometown, and the book which influenced you the most. We expect that through the discussion, we could understand each other more and learn the culture of other countries from different sides.
