Master of Science Programme in Toxicology (International Programme)

หลักสูตร วิทยาศาสตร์มหาบัณฑิต

สาขาวิชา พิษวิทยา (หลักสูตรนานาชาติ) (ภาคปกติ)

Faculty of Science

Department of Toxicology

คณะวิทยาศาสตร์

ภาควิชา พิษวิทยา

Expected number of students to be accepted all year round : 10 Students

Admission Requirements

A candidate must:

1. The applicants must study in the final year of the curriculum for Bachelor degree or hold a B.Sc. degree in basic science or health science, Pharmacy, Dentistry, Medicine, Veterinary Medicine or equivalent from Institutes approved by the Office of the Higher Education Commission with a minimum GPA of 2.50
2. The applicants must have good knowledge of English including listening, speaking, writing and Communication
3. Submit a certificate of English proficiency with minimum admission score:
 - IELTS - at least 3 or
 - TOEFL INTERNET BASED - at least 32 or
 - TOEFL ITP (test arranged by Faculty of Graduate Study, Mahidol University) - at least 400 or
 - MU GRAD TEST(Computer based) - at least 36

Important Notes:

- English proficiency score must be taken within 2 years up to the admission date.
 - Application without submitting a valid English certificate will NOT be considered.
 - MU English Competence Standards: www.grad.mahidol.ac.th
 - MU English proficiency tests, please contact the Language Center, Faculty of Graduate Studies.
Tel. 0-2441-4125 ext. 221-222
4. Exemption from the above conditions may be granted by the Programme Committee under exceptional circumstances.

Written Examination

There is NO written examination for this program. Applicants must check their eligibility for interview upon the announcing date of the interview list which is scheduled for each admission round.

Curriculum Structure

	Credit
Required Courses	14
Elective Courses	10
Thesis	12

	Credit
Required Courses	
SCID 502 Cell Science	2(2-0-4)
SCID 503 Systemic Bioscience	3(3-0-6)
SCID 518 Generic Skills in Science Research	1(1-0-2)
SCTX 603 Experimental Methods in Toxicology	1(0-3-1)
SCTX 628 Fundamental of Toxicology	3(3-0-6)
SCTX 629 Systemic Toxicology	2(2-0-4)
SCTX 691 Seminar in Toxicology I	1(1-0-2)
SCTX 692 Seminar in Toxicology II	1(1-0-2)
Elective Courses	
SCID 500 Cell and Molecular Biology	3(3-0-6)
SCID 505 Systematic Ecology and Disease Emergence	3(3-0-6)
SCID 507 Microscopic Technique	1(0-2-1)
SCID 508 Biomolecular and Spectroscopy Techniques	1(0-2-1)
SCID 509 Separation Techniques	1(0-2-1)
SCID 510 Immunological Methods	1(0-2-1)
SCID 511 Gene Technology	1(0-2-1)
SCID 512 Receptor Binding and Enzyme Kinetic Assays	1(0-2-1)
SCID 513 Animal Cell Culture Techniques	1(0-2-1)
SCID 514 Animal Experimentation in Biomedical Research	1(0-2-1)
SCTX 633 Clinical Toxicology	2(2-0-4)
Thesis	
SCTX 698 Thesis	12(0-36-0)

* These may change in cases where there are suggestions for the improvement of the curriculum

Strength and Special Features of Graduate Program in Toxicology, Faculty of Science, Mahidol University, Bangkok, Thailand

Strength/Strategic Advantages

Teaching and Learning

- Taking teaching course across institutes: Mahidol University and Chulabhorn Graduate Institute

Research Collaboration: National and International

1. Collaborative research activity and supervisors from colleagues within Faculty of Science and other institutes
 - Within Faculty of Science: Pharmacology, Anatomy, Physiology, Pathobiology
 - Between Faculties: Faculty of Science and Faculty of Medicine Ramathibodi Hospital
2. The MOU and collaboration between Faculty of Science and Faculty of Graduate Studies with other Institutes (USA, Australia, Japan, student's own expense or grant, no bench fee) allowing competent students to have to present their research or being trained abroad

Details of Scholarship

1. Scholarship of the 60th Year Supreme Reign of His Majesty King Bhumibol Adulyadej.
2. Faculty of Science Teaching Assistantship.
3. Science Achievement Scholarship.
4. Research support for materials for each student.
5. Research Assistantship (Depending on supervisor)
6. Partial support scholarship.

Additional Information

1. All classes in the Program are conducted in English.
2. Each faculty member, either from Faculty of Science or Faculty of Medicine Ramathibodi Hospital, is a leader who involves in research area including impact of chemicals on human health, molecular mechanisms of biological and toxicological actions of chemicals, factors modulating health and environmental impact of chemicals including toxicogenomics.
3. Textbooks to support the research initiatives of graduate students are available.
4. The results of the research activities conducted by the faculty are publicized through international symposia and publications which are higher in number and impact than those of other institutes offering similar graduate programs.

Visit : <http://www.sc.mahidol.ac.th/MDU/>

Select :Toxicology Program

Special features

1. Graduate education is tightly integrated with a variety of research areas and activities and opportunity to take internationally-recognized research training course with the Inter-University Program;
2. Research facility and small classes conducted by approachable faculty members who are eager to enhance students' graduate education experience;
3. Internationally-recognized faculty members and research output;
4. A partial or full support scholarship (depending on the condition) from Faculty of Science, Mahidol University and the Center for Toxicology, Environmental Health and Management of Toxic Chemicals (ETM);

Application Process

Application is only available via online application at www.grad.mahidol.ac.th

Required Documents

Applicants must upload all documents via online admission system. All documents must be in PDF format (maximum size 2 MB). Photograph must be in JPEG format.

- Recent photographs (1x1 inch in size)
- A copy of an applicant's degree certificate or a letter of graduation certification (for an applicant with a degree completion)
- A letter certifying that an applicant is currently in the final year prior to graduation (for an applicant seeking for a degree)
- A detailed transcript of a degree (for an applicant with a degree completion)
- A grade report with course names and grades received from the first to the current semester prior to graduation
- A copy of identification card
- A copy of house registration certification
- A copy of Certificate of English proficiency :
IELTS / TOEFL INTERNET BASED / TOEFL ITP / MU GRAD TEST(Computer based)
- A copy of proof of payment.

Job option after graduation

- Experts in Toxicology (Toxicologist)
- Scientist, researcher, academic staff in both governmental and private institutes

Further information may be obtained from the Director of Graduate Studies, Toxicology,

1. Assoc.Prof.Krongtong Yoovathaworn (E-mail : krongtong.yoo@mahidol.ac.th)

Room B.400, Biology Building, Floor 4,
Department of Toxicology, Faculty of Science.
Tel: 0 2201 5471 Fax : 0 2644 5426

2. Asst.Prof.Artthi Chairoungdua (E-mail : artthi.cha@mahidol.ac.th)

Room PR.415, PR. Building, Floor 4,
Department of Physiology, Faculty of Science.
Tel: 0 2201 5615-9

Program Coordinator

Prof.Skorn Mongkolsuk (E-mail : skorn.mon@mahidol.ac.th)

Room B.400, Biology Building, Floor 4,
Department of Physiology, Faculty of Science.
Tel: 0 2201 5471

Notes

1. The programme of Toxicology requires students to study the pre - requisite course:
 - SCID 500 Cell and Molecular Biology 3 Credits
 - SCTX 691 Seminar in Toxicology I (Audit)
 - SCTX 692 Seminar in Toxicology II (Audit)
2. For more information : **www.grad.mahidol.ac.th**

**For more information please contact The Student Admission Section.
Tel . 0 2441 4125 ext. 208-210 , 0 2441 9129, E-mail : gradthai@mahidol.ac.th**
